NOTES PRIOR TO HANDLING

Before using your McGean-Rohco, Inc. products, all safety and operating instructions should be read and understood. If you have any questions, please contact your McGean representative before proceeding.

USE PROCEDURES

1. Cee-Bee Polish #15 as received.
2. Apply with clean, dry rags or soft bristle brushes.
3. To obtain a brightly polished surface use a power buffer with moderate pressure.

PRECAUTIONS

- A thick, rust/copper paste.
- Flash point >330°F (166°C) pH. 7.6.

PRECAUTIONS

- Avoid contact with eyes and skin. Prolonged contact can cause skin irritation. Wear rubber gloves and goggles or face shield. Use with adequate ventilation. Do not take internally.
- In case of accidental contact with eyes or skin, flood with water. If eye irritation persists, seek medical attention. For ingestion, do not induce vomiting, Administer large quantities of water. Obtain medical attention.
- The polish does not craze acrylic plastic. However, abrasives may scratch the surface and contact should be avoided.
