USE PROCEDURES

Cleaning Potable Water Systems

1. Fill water system with cleaner at 0.5 to 4 ounces per gallon of water.
2. Circulate cleaning solution through the system or allow to soak for 30 minutes to 24 hours.
3. Flush with clear water until rinse water no longer foams.

Interior Cleaning

1. Dilute one part cleaner with 10 to 20 parts water. Apply with a spray bottle or a cloth or sponge wet with cleaning solution.
2. Agitate with a brush or cloth if required to loosed the soil. Wipe clean with lint-free cloths.

Cleaning Food Handling Equipment

1. Dilute one part cleaner with 10 to 20 parts water. Apply with a spray bottle, or cloth or sponge wet with cleaning solution.
2. Wipe clean with lint-free cloths or flush with potable water.

PROPERTIES

- Mildly alkaline. Non-flammable. Biodegradable.

PRECAUTIONS

- Avoid eye contact and prolonged skin contact. For eye contact, flush with water. If eye irritation persists, seek medical attention.
