

# CEE-BEE CLEANER R-681 (WIPES)

by Cee-Bee®

## d a t a s h e e t

**CEE-BEE CLEANER R-681 (WIPES)** is a ready-to-use, mildly alkaline, solvent-based cleaner in a 16"x17" pre-saturated disposable cloth (AMS-3819C) used for cleaning painted and unpainted aircraft surfaces. This product was developed in conjunction with the Navy and its low VOC meets most air quality standards. The product is conveniently packaged as 25 wipes per pouch and 12 pouches per case.

### BENEFITS

- Excellent solvency for cleaning of greases, oils and other surface contaminants.
- Effectively removes jet exhaust carbon and hydraulic fluids from aircraft exterior surfaces.
- Safe on high strength steel, cadmium plated steel, mild steel, magnesium aluminum, titanium, acrylic plastics and most paints.
- Safe on polyamide electrical insulation.
- Contains no phenolics or heavy metal salts.
- Biodegradable surfactants.
- Ready-to-use, pre-saturated cloth with no rinsing required.

### CONFORMS TO

- **MIL-PRF-85570E, Type 1W (QPL)**
- **NSN: 6850-01-587-3779**

Cee-Bee R-681 (WIPES)      Product Code #20069**

## NOTES PRIOR TO HANDLING

**Please read all safety and operating instructions before using any Cee-Bee product. If you have any questions, please contact your Cee-Bee representative before proceeding.**

## USE PROCEDURES

Product is ready to use. Remove pre-saturated cloth from pack and wipe down area to be cleaned. Allow to air dry. No rinsing is required after use. Reseal opened package and store at a temperature of less than 120F (49C) and not exposed to direct sunlight. Do not freeze. Opened packages should be used within 6 weeks.

## PROPERTIES

- Clear to slightly hazy, mildly alkaline liquid with a petroleum solvent odor on a 16"x17" AMS 3819C cloth. Flash point above 140 degrees F (TCC method)

## OTHER INFORMATION

- This product was developed in cooperation with the U.S. Navy (NavAir-Pax River).
