

CEE-BEE CLEANER R-681

by Cee-Bee®

d a t a s h e e t

CEE-BEE CLEANER R-681 is a water dilutable, mildly alkaline, solvent base product used for cleaning painted and unpainted aircraft surfaces.

BENEFITS

- Excellent solvency for grease and soil.
- Effectively removes jet exhaust carbon and hydraulic fluids from aircraft exterior surfaces.
- Safe on high strength steel, cadmium plated steel, mild steel, magnesium, aluminum, titanium, acrylic plastics and most paints.
- Safe on polyimide electrical insulation.
- Contains no phenolics or heavy metal salts.
- Surfactants biodegradable.

CONFORMS TO

- **MIL-PRF-85570D, TYPE I (QPL)**

NOTES PRIOR TO HANDLING

Before using your McGean-Rohco, Inc. products, all safety and operating instructions should be read and understood. If you have any questions, please contact your McGean-Rohco representative before proceeding.

USE PROCEDURES

1. Mix with up to 9 parts water (a 10% solution is adequate). Apply with mop, brush or non-atomizing spray equipment and allow to dwell until soil is penetrated.
2. Agitate with mop or brush. Water rinse or wipe dry with clean cloths. If surface is allowed to dry, rewet with cleaner, agitate lightly and immediately rinse with water or wipe dry with clean mops or cloths.

PROPERTIES

- Clear to slightly hazy liquid with petroleum solvent odor. Mildly alkaline. Flash point above 140 degrees F., TCC.

PRECAUTIONS

- Avoid eye and skin contact. Use rubber gloves and face shield or goggles. Contains petroleum solvent. Do not use in confined areas or at temperature above 120 degrees F. Use with adequate ventilation.
- Do not take internally. If eye irritation persists, seek medical attention. Avoid splashing nearby personnel if spray rinse is used.
