NOTES PRIOR TO HANDLING

Before using your McGean-Rohco, Inc. products, all safety and operating instructions should be read and understood. If you have any questions, please contact your McGean-Rohco representative before proceeding.

USE PROCEDURES

1. For best results, wash and dry the aircraft prior to applying polish.
2. Apply the polish to a cool surface out of direct sunlight with a damp aircraft mop. Apply with a circular motion over a small area.
3. Agitate surface stains and visible marks on the paint surface until removed. Let dry to a haze. Buff with a clean aircraft mop.

PROPERTIES

- A viscous, off-white, alkaline liquid with a mild solvent odor.

PRECAUTIONS

- Contains petroleum hydrocarbon. If swallowed, do not induce vomiting. Call a physician immediately. If splashed in the eyes, flush with plenty of water and seek medical attention.
